

Cheryl Wieczorek
Vice President,
Director of Finance

Cheryl Wieczorek-joined the JUSTIN team in the beginning of 1998 as our first "Controller". She came to us with extensive experience as a corporate controller with an emphasis in manufacturing and cost accounting. Cheryl is a CPA and worked for a large regional firm in Long Beach.

Cheryl traded her city lifestyle for country living with her husband and her furry-four-on-the-floor children, (two horses, two dogs and four kitties). When not working on the financial end of our business, she can be found riding through the trails of Paso Robles.

We are ecstatic to have Cheryl's experience and cheerful disposition working on our behalf.
