

Jim Gerakaris

Winery Sommelier & Wine Educator

Jim Gerakaris joined the JUSTIN team in April of 2008. He brings a variety of experiences as a long-time wine enthusiast and from his travels while in domestic and international equipment sales in the semiconductor manufacturing industry. Jim is a Certified Sommelier through the Court of Master Sommeliers, and a Certified Specialist of Wine through the Society of Wine Educators. He is a popular part of the education staff at the winery due to his ability to convert complex wine topics into easily understandable and entertaining learning experiences for our guests through seminars, tours, and through his writing. Jim's passions include cooking, eating, and studying the wines and cuisines of various food traditions. He is active in the local food environment and enjoys using his wood-fired brick oven, which he built, to prepare meals and to share with friends.
