2003 ORPHAN

PASO ROBLES, RED WINE

Summary

Over the last few years' extreme circumstances have resulted in JUSTIN producing a unique blend called "The Orphan". In 2005, we were once again faced with a new dilemma. On October 12th, 2005 a fire in our warehouse sent a significant amount of our current release wines in flames, leaving many JUSTIN enthusiasts with little or no wine to enjoy. After thoroughly searching our caves for some "forgotten" barrels, we were able to create another unique blend. The 2003 "Orphan" is dedicated to all the retailers, restaurants and consumers who were unable to enjoy this "Orphans" immediate parents.

Tasting Notes

Bright red fruit combine with a hint of leather and toasted oak on the nose of this unique blend. The entry is soft, approachable and balanced with proper acidity and tannin structure.
